

4100 DISC BASE – 18” DIA SPREAD

OVERALL DIMENSIONS

DINING HEIGHT: 27 ½”

BAR HEIGHT: 40 ½”

TOP PLATE: 8” X 8”

SPREAD: 18” DIA

COLUMN: 3” DIA

DIMENSIONS ARE APPROXIMATE

SPECIFICATION:

- All bases start with a bottom ½” solid metal plate and covered with a round 16 gauge furniture grade cover, all plates have adjustable glides in them to allow leveling on uneven floors.
- A 3” diameter 14 gauge metal column with metal top mounting plate that is bolted to the base via center rod. The top mounting plate spread is an 8” x 8” top plate for 18” spread bases. The finished height of the base is 27½” when fully assembled for standard dining height and 40½” for bar height.
- The top mounting plate spread is 8” x 8” for 18” spread bases.
- Finishes are available in the following in any standard ISA powder coat or plated finish. Pricing varies based on finish.
- Base spread sizes and the tops that can be used with them are as follows:
18” x 18”., for top 24”-30”
** Recommended top sizes are approximate only and are based on dining height tables.*
- Available in bar height and counter height.
- Available in two tone column (plated and powder coated) and with either full veneer or partial veneer column. Two tone and partial veneer lower column is 10”H on all sizes.
- Also available with flip top mechanism. Flip top mechanism may affect overall table height by up to 1”.
- Customization with accent ring on bottom plate (8” diameter, ¼” thick steel plate) available with upcharge. Accent ring available in P38 Black, P70 Satin brass, P75 Antique Brass.
- Shipped unassembled unless otherwise specified.
